MANAGEMENT DISCUSSION AND ANALYSIS REPORT

With a favorable climate and more area sown for sugarcane, the Indian Sugar Mills Association (ISMA) has estimated production for the season 2010-2011 around 25 million tones against the domestic consumption of 23 million tones.

The sugar season 2009-2010 commenced with an opening stock of about 4 million tones against 10 million tones of 2008-2009, whereas estimated production was slightly higher at 16 million tones against 14.7 million tones of previous year. The supply & demand gap however, increased substantially to about 6 million tones on account of low carry forward stocks at the beginning of season. The government relaxed the import policy to facilitate import of sugar to meet the supply demand gap by permitting the imports at nil duty. The free from levy obligation, and freedom from regulation of release as well as stock limits, denying the domestic industry all benefits. The bulk consumers who account for more than 60 % of total consumption in the country were virtually directed by the government to source their supply of raw material through imports. As a result the domestic industry lost its major customer and also faced competition with imported sugar which is not only duty free but is also free from regulations.

Imports of Sugar

Our country imported about 7 million tones of sugar in 2008-09 and 2009-10 seasons of which 6 million tones is by way of raw sugar and the balance one million tones as white sugar by the imported trade at very high prices and consequently domestic industry also paid much higher cane price.

Prices of Sugar

While the stock position continues to remain tight there has been a sharp correction in the sugar prices since the peaks seen in early this year around Rs 40000/-per tonne which had fallen to Rs.28000/- in the month of April 2010.

Decontrol of Sugar Industry

Sugar is one of the most controlled industries in India. Attempts to decontrol sugar were made in 1971-72 and again in 1978-79 only to be rolled back. It is once again Government of India initiated reform process for decontrol of sugar. The main areas of control are:

- Allocation of cane area: This purely discretionary power of the State governments. The allocation of cane area becomes more
 ad hoc when two factories vie for the same area. There is no predictable policy guideline.
- Restrictions on setting up new factories: There are clear guidelines on the distance between two factories , irrespective of productivity and area under sugarcane
- Statutory Minimum price: The cane price is fixed through Fair & Reasonable Price(FRP) and State Advised Price (SAP) by the respective governments
- Restrictions on sale of sugar. Sugar is being sold by factories on the basis of release orders issued monthly (recently weekly) by the Sugar Directorate, Government of India.
 Levy Sugar A certain percentage of conduction.
- Levy Sugar: A certain percentage of production in each sugar mill is allocated as levy sugar. This year it is 20% on production of sugar by a Mill.

Recently Government of India has announced that it will prepare a proposal for the sugar sector decontrol and the same will be placed before the ministers of cabinet in the next three months.

Future prospects

Indian Sugar Mills Association (ISMA) has earlier forecasted 23 million tones of sugar for 2010-11 has been revised to 25 million tones of sugar due to better yield of sugarcane. Output of sugar cane which was 274 metric tones for year 2009-10 has been estimated 300 metric tones for the year 2010-2011. This will reduce the demand & supply gap following an increase in sugar production from 14.5 million tones in 2008-2009 & 16 million tones in 2009-2010

Ethanol

Presently 5 % is permitted by Government of India and Group of Ministers endorsed a price of Rs. 27 per liter last month. The price is yet to be notified

Distillery

The Distillery of the company was commissioned in the year 2007and since then it has been continuously improving the various grades of spirits ENA/ RS.

The distillery plant meets out 100% pollution control norms, the treated effluent is not discharged outside and in turn is mixed and cured with organic mass like press mud of sugar mills and suitable organic manures to manufacture Bio compost, a bio fertilizer used successfully in growing the crop of sugarcane.

In a short span of time the company has been able to produce liquor along with Sugar .The Company's approach of understanding the market, market demands, consumer satisfaction has yielded it as one of topmost seller of country liquor in Haryana

Backward Integration

The very first backward integration project has come in the form of setting up automatic 750 ml & 180ml PET bottle plant. The unit is now producing 630 lacs of pet bottles per annum to cater for distillery's own consumption. The unit has not only eliminated the pressure of PET bottle suppliers but has also provided a kind of diversified manufacturing base for future business.

Out Look / Projection:

The company's projection on crushing of Sugarcane for the current year 2010-2011 is 35 lac quintals. Company has been making all out efforts to encourage & motivate the farmers to cultivate the crop of sugarcane by providing the guarantee for the cane loans, pesticides, seeds to the cane growers.

Risk and Concern

The urban people in India are now becoming Health conscious and firmly believe that consuming of sugar in any form has adverse effect on human health. As a result of this people have restricted the consumption of Sugar. Studies by various health organizations have found no evidence where the sugar has been related to Diabetics or any other illness.

Internal Control System & their adequacy

The auditors have felt that the company has a reasonable system of authorization at proper levels with necessary controls on the purchase of sugar cane, issue of materials and components & other related system of Internal control is commensurate with the size of the company. They also felt that the company has a reasonable system of recording receipts of raw materials and components and the company is recording the sales and purchase through the software. The Software engineers regularly check software programme.

Material Development in HRD/IR

The current strength of the company is 70 and company engages the contract labour during off-season and in season.

CORPORATE GOVERNANCE REPORT

In compliance with the Corporate Governance requirements as stipulated in clause 49 of the Listing Agreement with the Stock Exchange, the company has been incorporating for the past few years, a separate section on Corporate Governance in its Annual report. The shareholders and investors would have found the information informative and useful.

AUDITOR'S CERTIFICATE ON COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

We have examined the compliance of the conditions of Corporate Governance by Piccadily Agro Industries Ltd. for the year ended 31st March, 2010, as stipulated in Clause 49 of the Listing Agreement of the said Company with Stock Exchange, Mumbai.

The Compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and explanations given to us, we certify that company has complied with the con-

ditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

On the basis of representation received from company, we state that during the year ended 31st March 2010 no investor grievances were pending for a period exceeding one month except where dispute or for want of completion of legal formalities. We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

AUDITOR'S REPORT

To

The Members of

PICCADILY AGRO INDUSTRIES LIMITED,

We have audited the attached Balance Sheet of M/s PICCADILY AGRO INDUSTRIES LIMITED as at 31st March 2010 and the Profit & Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These Financial Statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial state-

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amount and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by Companies (Auditors' Report) Order 2003, issued by the Central Government of India in terms of Section 227(4A) of the Companies Act 1956, we annex hereto a statement on the matters specified in paragraph 4 and 5 of the said

Further to our comments in the annexure referred to in paragraph 1 above, we report that:

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the 2 a)

In our opinion, the Company has kept proper books of account as required by law so far as appears from our examination of b)

The Balance Sheet and Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with C)

the books of account. In our opinion, the Balance Sheet, Profit & Loss Account are in compliance with accounting standards specified by The Institute Of Chartered Accountants of India referred to in Section 211(3C) of Companies Act, 1956. (d)

On the basis of the written representations received from the Directors as on 31.3.2010 & taken on record by the Board of Directors, we report that none of the Directors is disqualified from being appointed as a Director in terms of Clause (g) of sube) section (1) of Sec 274 of the Companies Act, 1956.

In our opinion and to the best of our information and according to explanations given to us, the said accounts read together with notes thereon, give the information required by the Companies Act, 1956 in the manner so required and also give a true 1) and fair view.

In the case the Balance Sheet, of the state of affairs of the Company as at 31st March 2010.

1) In the case of Profit and Loss Account, of the Profit for the year ended on that date. ii)

In case of Cash Flow Statement, of the cash flows for the year ended on that date. iii)
